She will live long in effection in my heart and memories.I can't bring her back to me but I will someday go to where she's at,not because I'm worthy,but by the Grace of God, through my Lord and Savior Jesus Christ. Rest in eternal peace my sweet,kind little sister.

“ Betsy was always laughing smiling making jokes and her big laugh was only surpassed by her even bigger heart. I loved her more than she could know. My greatest memory with her was when I was having trinity in hospital on orlando in dec 1999. I was in the rocking chair in delivery and she (along with half of all the other women in the family)was pushing my rocking chair and I had to nicely (thru my teeth) ask her to stop she was going to make me sick. She burst out laughing added a handful of Jokes along w the whole room and made me feel so much better. She opened her heart n home to me when she barely knew me when I was a new mom on my own till my situation got better. If she wasn't so willing and giving and loving to me then I would have crumbled at such a difficult time. We often talked while I stayed there and told stories confided in each other. It was so nice to have someone I could talk to during such a difficult time. This is one model I go by when I am in a situation where I could help someone. I will forever have her in my heart and I look forward to see her in our fathers kingdom so I can tell her just how much she ment to me and how much she made an impact in my life and was a life raft God sent to me during such a difficult time. God bless u Betsy till we see you again . I love you.

“ My dearest Auntie Betsy. The shock of it all has passed, but now I am feeling the pain of your loss. You were an amazing person to anyone who knew you. My heart is broken but I know you are in the good hands of the Lord and wrapped in the arms of your parent. I love you Betsy. ❤️

“ This is becoming too real for me. My aunt was such a beautiful and caring woman. Everyone was welcomed in her home. She was always the life of the party and she was always dancing once she heard the music go on even if her back was going to pay for it the next day. We would have so much fun sitting up and talking all night when she would come stay with me when she would come to Chicago. The last sleep over I had with her was right before I moved back to Chicago. She helped me move my entire apartment. Titi I will never forget you. I know you are with Wela and Welo now watching over us. I love you.

“ *My Dear friend Betsy, I'm truly heartbroken to hear of the news of your passing. We just talked a few weeks ago about how sad you were because you could not visit your Mom's due to shingles. I was telling you that your mom knew you loved her and it would be ok.*

As kids we all went to church together because we were not only childhood friends but, sisters that's how close both our families were.

We played "Kick the Can" and "Hide and Go Seek" and Our neighborhood was the Window to our World.

We always talked for hours and reminisce about our childhood and everyone in our neighborhood and how much fun we had together growing up.

My sweet beautiful friend I will miss you everyday but, I know that God needed an Angel and he took you because not only did you have a great heart but, a beautiful soul and a killer smile.

You have left lots of broken hearts here on Earth but, I know one day we will all be together again laughing, talking and running around in heaven.

I love you my Betsy, my friend/sister R.I.P sweetheart I will stay close to the family. Your forever friend Olga Lopez
