“*Dean and I are half-siblings. I never met him in person though two of my sisters did once about 40 or more years ago at his home in Seminole, FL at the time. I spoke to Dean by phone a few times. He called me in the mid-80's wanting to meet our common parent who lived in another state. I tried to arrange a meeting but it wasn't to be. When I told Dean I had failed to get a meeting he hung up and never called back. I thought about him many times and was sad to hear he had passed. He also has a son Sean who had reached out to our brother wanting to know who we are and about his dad. I would like to know Sean and Holly better and share our genealogy. God's Blessings to all Dean's family,
