

## Guillermo Sanchez Garcia

November 20, 1940 - April 6, 2021

Guillermo, 80 , a long term resident of Orlando, FL, passed away at the age of 80 at Cornerstone Hospice on 04/06/2021 in Orlando, FL.

Guillermo suffered from a fall that left him with a dislocation of the hip. Surgery was successful in placing the hip back in place and he was later placed into Orlando Health Rehabilitation Center for physical therapy.

There was one concern the nurses and doctors had for him and that was the ability to swallow properly due to his trachea. In result of this, he suffered from an aspiration pneumonia, which later has caused him to have Sepsis, an infection of the blood.

He was transferred from Orlando Health Rehab to Orlando Regional Medical Center where there doctors have tried to terminate the infection. Unfortunately, for Guillermo after some time of being under the antibiotics, he was no longer responding to the treatment and the doctors have tried everything that they could for Guillermo, but it was coming to a time where he was going to rest.

Guillermo lived a very long and happy life serving the Lord. He was always so happy and so loving to his dear loved ones. The love that he had given to

everyone he came in contact with is irreplaceable and will forever remain in our hearts.

The daughter of Guillermo, Esther Beatriz Garcia, passed away 01/03/2016 and was born in San Juan, Puerto Rico to Guillermo Garcia and Silvia Rivera on 02/03/1977.

Guillermo was a member of Iglesia Pentecostal Roca De Salvacion Inc. Orlando, FL and enjoyed hobbies such as listening to music and reading his Bible.
